Dear ____, My name is Luis Fernando Monroy, and I am currently a 11th grade high school student in Coalinga. I am writing this letter to introduce myself and express my interest in opportunities such as jobs, internships, college programs, or career pathways. I am motivated to grow both academically and professionally and to build a strong future for myself.

One of my strongest qualities is my work ethic. When I focus on a goal, I make sure to complete it to the best of my ability. I am also generous, thoughtful, and relaxed, which helps me work well with others and stay calm in different situations. I have developed important skills such as Adobe Photoshop, HTML, CSS, and GitHub, which show my interest in technology and creativity. I am always open to learning new skills and improving myself.

In school, I have worked hard to improve my performance. One of my proudest achievements was earning Student of the Month in 2024 after raising my grade from an F to a passing grade, which shows my determination and growth. I also stay active by working out, playing basketball, and skateboarding, which have helped me build discipline and teamwork skills. I have also created my own portfolio website to showcase my work: <https://lmbrilliantportfolio09.netlify.app/>.

After high school, I plan to attend college, with Fresno State being one of my top choices. I am currently interested in pursuing a career in nursing because I want to help people and make a positive impact in my community. My goal is to continue improving academically, gain valuable experience, and build a successful and stable future.

Thank you for taking the time to read my letter. I appreciate your consideration and would welcome any opportunity to learn, grow, and contribute. I look forward to hearing from you.

Sincerely,
Luis.
